

"Only together we can make the difference in our industry, Architects, Interioir Designers, Contractors and developers are welcomed as partners to change with us "NATURE" into stunning natural products"

ABOUT US

- We at Marbel House belive in honouring the majestic beaty of these wholesome gifts, and are steadfastly devoted in bringing then from different parts of the world to elevate the aesthetic apeal of your spaces. Uncompromising on quality, Marble House will continue to deliver this greatest gift of Mother Nature.
- Marble House has remained a renowed brand in the natural stone industry for over two decades for the simple reason that the people behaind Marble House have worked tirelessly, and relentlessly, to shape Marble House into a symbol of quality and customer satisfaction. Through maintaining relationships wih the best quarris around the globe, Marble House has acquired the ability to source premium materials.
- Natural Stones have the capacity to upturn ordinary spaces, and elevate them into extraordinary Interior and Exterior expiriences. Marble House, with its vast treasury of natural stones, in exotic and rare colors and styles, is the cornerstone to fulfilling your wildest dreams, and curating the most beautiful version of your space.

- Founded over two decade ago, Marble House is a renowned brand in the natural stone industry, a class apart in this part of the world, specializing in premium imported Natural Stones, hand-picked from best quarries around the globe. From countries such as Italy, Spain, Greece, Portugal, Turkey, Macedonia and many more. Marble House holds our supplieres to the very highest and most rigorous standards to ensure the very best quality of material.
- Over the period of time, Marble House has added all posible natural stones, from every color of the spectrum, and from every corner of the world, to its extensive collection. Today, Marble House stocks over 300 unique styles of marble, granite, quartzite, onyx, travertine, limestone, sandstone, and slate, so as to provide an expensive range of natural stones. Over 1 million sq.m of Natural Stones under one roof, guarantee that we are able to tailor to the needs of our valued clientele.

QUALITY POLICY & PERFORMANCE

- Since its foundation, it has been policy at Marble House to stock only the highest quality materials with specification to particularly befit the market, climate, and clients here in the Middle East, using exact 20mm or 30mm thickness of slabs, homogeneity in thickness, controlled variation in color, perfect processing quality etc. Our rigorous standards of quality control, that meet the approval of architects & consultants, allow our customers to complete their projects successfully, beautifully, and in timely manner.
- Marble House appreciates the value of excellent service, competitive pricing, and high quality. Our open and honest relationships with not only our clients, but also all the major global giants in the Stone industry, allow us to overcome all obstacles and ensure that our policies and values are kept sacred.
- Since its inception, Marble House has exhibited its extensive expirience, vast industry knowledge, hard work, dedication to service, and sincer efforts, to be not only acknowledged, but distinguished, as the strongest brand of Natural Stones in this part of the world today.
